

NITESH KUMAR

Full Stack Developer | B.Tech CSE (2026)

+91-7667094131 • niteshk7@gmail.com • github.com/nitesh7667 • linkedin.com/in/nitesh-kumar

PROFESSIONAL SUMMARY

Motivated Full Stack Developer with hands-on experience building production-grade web applications using React.js, Node.js, and MongoDB. Proven ability to deliver complete features end-to-end — from API design and database modeling to responsive UI and cloud deployment. Seeking a software engineering role to contribute scalable, maintainable solutions in a fast-moving team.

TECHNICAL SKILLS

Frontend	React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Next.js, Handlebars.js
Backend	Node.js, Express.js, Nest.js, REST APIs, JWT Authentication
Databases	MongoDB, Mongoose ODM
Tools & Cloud	Git, GitHub, Postman, Vercel, Render, MongoDB Atlas

WORK EXPERIENCE

Full Stack Developer Intern • Ant Creatives Pvt. Ltd.

Aug 2025 – Dec 2025

Remote

- Designed and developed a production-ready e-commerce platform for an organic dairy business (Gaushala), enabling online sales of milk, curd, and ghee using Nest.js, Handlebars.js, and MongoDB.
- Engineered RESTful backend APIs handling real-time product inventory, user authentication (JWT), and secure transaction workflows, reducing manual order tracking overhead.
- Built a custom order-tracking module that improved operational transparency for delivery staff and end consumers, cutting delivery status enquiries by providing self-service visibility.
- Implemented mobile-first responsive UI, achieving consistent performance across all screen sizes and improving accessibility for health-conscious consumers.

PROJECTS

School ERP System | React.js, Node.js, Express.js, MongoDB, Render

Ongoing

- Architecting a full-stack, paperless school management system to replace manual administrative workflows including student records, attendance, and task management.
- Leveraged MongoDB's flexible schema for complex hierarchical school data; deployed prototype on Render for live stakeholder demonstration.
- Designed an intuitive admin dashboard optimised for non-technical staff, reducing onboarding time significantly.

School Website (Live) | Next.js, React.js, Tailwind CSS

Feb 2026 – Present

- Freelance project: delivered a high-performance, SEO-optimised school website from design to deployment, now live and serving real users.
- Utilised Next.js SSR/SSG for fast initial load times and superior search-engine visibility compared to a conventional SPA.
- Managed client requirements end-to-end including revisions, deployment, and post-launch support.

Todo App (Full Stack) | React.js, Express.js, MongoDB

Dec 2024

- Built a full-stack productivity application with persistent data storage, featuring CRUD operations, user session management, and secure JWT-based authentication.
- Independently designed the REST API, MongoDB schema, and React front-end, demonstrating full ownership across the entire stack.

EDUCATION

Bachelor of Technology in Computer Science Engineering Global Group of Institutes, Amritsar	2022-2026 7.4
Intermediate (Non-Medical) S.Y.R High School Reotith, Gopalganj (BSEB)	2019-2021 56.4%
Matriculation (10th) S.Y.R High School Reotith, Gopalganj (BSEB)	2018-2019 83.8%

ACHIEVEMENTS

- District Topper in 10th Board Examinations (BSEB) — scored 83.8%, ranking first in the district.
- JEE Mains 2022 — ranked ~70,000 out of 900,000+ candidates (top ~8 percentile).
